Tucson will have a tennis tournament at the time of the Southern Arizona Fair this fall. The Tucson Racquet and Tennis club will take the matter up and appoint one of its members as manager and promote the proposed meet of tennis players.

In connection with the proposed issue by Yuma county of bonds to build a system of good roads in Yuma county, a number of citizens went before the board of supervisors and talked the matter over. The citizens proposed that the bond issue be increased from the proposed \$350,000 to \$500,000 to provide ample funds to build all of the roads wanted at this time. No action was taken on the matter. Chairman of the board, F. E. Elliott, being absent on account of a sick wife. The two members present indicated that they would favor a substantial increase, probably to \$450,000.

At Globe, complaint was filed against the Mandolin Social Club, charging it with having sold liquor without a license.

The big ten-horse teams are again busy bringing concentrates down from the Calumet at Copper Creek. One car was shipped last week and this week will probably see several more on the way to the smelter at Douglas. These concentrates are of an exceptionally high grade.

At Courtland, the Shattuck group of properties, lying to the west of the Great Western group, is being worked by Gene Yorkum, Wilbur Rice and a couple of others, who have started to sink a shaft of 100 feet.

At Douglas Friday afternoon at the Eagle hall a mass meeting will be held for the purpose of organizing a Women's Union Label league, composed of women whose sweethearts, brothers, fathers or any other relatives are union men, and the object of which is to start a propaganda for the increase of home trade. The idea is that money made at home should be spent at home and not given to some eastern mail order house. As the women are the principal ones who do the buying, it is realized that they are the ones to interest in the movement.

There is a new patented preparation on the market called "dynamine" which is said to destroy Johnson grass or any other weed. All that has to be done is to sprinkle the stuff on the plant.

Frank Yabuki, a Japanese restaurant keeper, was fined \$15 by Justice Comstock for spanking Robert Prady, a seven year old boy. The spank was administered Saturday. The boy either accidentally, or in mischief spilled water on Yabuki. The Jap pleaded guilty. He is said to have spanked a little girl also.

With the improvements of the Ash Fork to Seligman road their main incentive, twenty-five residents of these points filed a petition with the Board of Supervisors to make that thoroughfare a county highway. At the present time the road is private and as a result is in decidedly poor condition.

Zinc Mines In The Dragoons

From the Bisbee Review the following story of the big zinc discovery in the Dragoons is taken:

"Lucky Joe" Mubheim and associates have secured an option on a property in the Dragoons, north of Tombstone, that is setting the mining men of the Warren district all agog. It is a zinc deposit of a magnitude that only Arizona's hills can afford.

And thereby hangs a tale, a tale of sheer bull-headed luck. "Lucky Joe" was not looking for a zinc mine. In fact, since the collapse of the Bisbee boom "Lucky Joe" has been looking for a place where the mining men of the Warren district all agog.

Deputy Sheriff Harris Dies of Apoplexy

A Douglas dispatch says:— Deputy Sheriff U. M. Harris of this city dropped dead on G Avenue last evening about 8 o'clock from apoplexy.

Mr. Harris was passing the Lyric theater when he suddenly pitched forward to the sidewalk. Before a physician arrived, all sign of life was extinct.

The deceased was 52 years of age. He had apparently been in the best of health of late. During the evening he had conversed with friends on the streets as usual.

Sheriff Wheeler was immediately communicated with at Tombstone and at once left for this city. He held Mr. Harris in very high esteem, as did all who knew him.

Since 1908, Mr. Harris had been a peace officer in Douglas. Previous to that time he had served for more than 15 years as a peace officer in Texas. He was credited with high bravery, fairness and good judgment.

The deceased is survived by a wife and one son, the latter about 22 years of age. Examination made of the body tonight indicated apoplexy as the cause of death. A coroner's inquest was held in the morning at 9 o'clock.

Nine Men Killed In Clifton Mine

A Clifton dispatch says:— Nine men were killed and one probably fatally injured late yesterday when a cable pin snapped at the Colorado mine of the Arizona Copper Co. and two ore cars, carrying twelve tons of ore and thirteen miners, dashed down a 38-degree grade for 3300 feet.

The cars had just been lowered over the brink of the grade when the pin snapped, the safety chains broke and the cars started downward.

Three Americans, Liddle, Scott and Ambler, rolled off but nine others were carried down.

The dead are: Mining Engineer Schaeffer, formerly of Colorado; E. M. Jones of Clifton; three other Americans, two Italians and two Mexicans.

Changes Made By Eight-Hour Law

Next Monday morning there will be a new schedule of hours in many of the Arizona business houses. This is necessitated by the eight-hour law for women which becomes effective on that day. The law requires that women in the state on and after this date must not work longer than eight hours except on Saturday night when two extra hours are allowed. This latter clause does not apply to all classes of work. For instance, it does not affect restaurants and candy kitchens or any place where the employers work their help the full seven days in the week. Ice cream parlors and restaurants will have to employ extra shifts for the night work or else hire men for the work. In all mercantile stores and other places of business where the employers work their clerks but six days of the week, two extra hours are allowed for Saturday night.

Harper Removed From Reform School

After a brief hearing before the board of control at Phoenix, A. L. Harper was removed from the state industrial school. W. M. Whipple, member of the lower house of the legislature from Greenlee county and a warm supporter of Governor Hunt's prison reform policies, was appointed to fill the vacancy. Both motions were made by the governor.

Mr. Harper and his attorney, C. F. Whitehead, were present. The superintendent was invited to make a statement and Mr. Whitehead asked that the entire matter be deferred till after next Monday, when Mr. Harper would have a hearing in Tombstone on a charge of "exaggerated battery."

Attorney Whitehead arrived in Tombstone today and is presenting facts about the case, which has been set for next Tuesday, when the preliminary hearing will be had.

Tax Commission Orders Raises

The state tax commission ordered some sweeping changes in the tax rolls of the various counties of the state, and this morning Clerk Karger of the board of supervisors received instructions from the commission to make the following changes on the Cochise county tax rolls, important among which is a raise of \$1 each on every head of the 90,808 cattle on the county rolls. Also five per cent raise on merchandise stocks of all Cochise merchants.

Following are the figures as ordered by the state commission:— Raise on 90,808 head of \$1 per head, making an increase of \$90,808 and total value of \$1,906,738 on cattle assessments of county.

Raise stocks of merchandise five per cent, making an increase of \$5,011.64, and total value \$1,113,344.50.

The Barbercomari Grant was lowered from \$5 to \$4 per acre, making a decrease of \$16,743, leaving a total value of \$66,974.

Raise San Rafael del Vall from \$3 to \$4 per acre, making an increase of \$16,904.93, and total value of \$67,819.72.

Raise Bisbee Improvement and Light Co. increased \$105,164.32; total value \$256,954.32.

Raise Traction Co. increased, \$75,426.54; total valuation \$152,541.54.

Bisbee Naco Water Co., increased \$213,000; total value \$465,000.

O & A smelting plant, increased \$71,000; total value \$821,000.

University Prepares For School Year

Preparations are being made at the University of Arizona for the opening of the school year on Sept. 15th.

Most of the rooms in the men's dormitory have already been engaged work on South Hall which is being overhauled, and refitted is nearly completed.

The work of renovating east cottage for a home economics department has been started. Plans hall has been equipped with steam pipes and carpenters and decorators are at work on this building.

Cochise County Bar Association

The Cochise County Bar association was organized in Tombstone with E. J. Flannigan elected temporary chairman and John Mason Rose temporary secretary. Both are prominent attorneys of Bisbee.

The committee appointed to draw up the constitution and by-laws consists of J. T. Kingsbury, Albert M. Barnes and W. G. Gilmore.

Resolutions of condolence to the families of George H. Neal and J. M. O'Connell were adopted and ordered to be spread on the minutes and published.

Frank W. Doan, George W. Case and John Mason Rose were appointed a committee to make the arrangements for a banquet to be held in Douglas in the near future, whenever the next meeting of the association may be called. The date is to be decided later.

Work Resumed at Mammoth Mine

A force of men is now at work at the Mammoth-Collins mine at Sobul's 55 miles north of Tucson, getting the mine ready for development work on a big scale. This is the property which Young brothers of Courtland acquired from its Detroit owner for a consideration reported to have been \$450,000.

The Mammoth-Collins group consists of six patented and seven unpatented claims, or 273 acres of mineral ground.

The main working shaft is on the Mammoth and its present depth is 815 feet. The ore which produced millions in gold for the old English operators of the property was taken from the 700 and the 1000 levels between that level and the surface.

The ore was delivered from the shaft bin to the 100 stamp mill, at the town of Mammoth, distant three miles, by means of an aerial tram. The mill was destroyed by fire several years ago and the new mill will probably be erected at the mine as there is now enough water in the mine for milling purposes and it must be pumped out of the mine whether used on the surface or not.

A cyaniding plant at Mammoth was also destroyed by fire. The property is one of the richest mines tributary to Tucson.

To Begin Work on Claims in Huachuclas

B. Frank Murphy, a mining man of Memphis Tennessee, expects within the next month to have in operation in the Huachuclas the property which he recently bought from Gus Baron, of Tombstone. An exploratory shaft will be immediately sunk on the property, which the company expects will reveal a large copper deposit.

Mr. Murphy has spent most of his life abroad. While a boy in Chantilly, France, he attended school with the now Ah Kung of Swat. Mr. Murphy speaks French, Spanish and Italian, and a number of his foreign friends are interested with him in his Huachuclas proposition.

State Aid to High School Certificates

The office force of the state superintendent of public instruction has just completed the figures for the amounts that will be turned over to the various high schools of the state under the state aid law passed by the legislature in 1912, giving certain aid to high schools having vocational purposes.

Some of this aid was furnished in the year 1912 as is seen by a glance at the statement while those other schools that did not have the necessary arrangements made for teaching the required subjects last year, but have made them since, receive aid but for this year.

Follows the Cochise list and the amounts of the certificates issued by Superintendent C. O. Case upon the authority of the board of education.

1912-1914, Tombstone High School one season, \$375.28.

1913-1914, Douglas High School, total for two seasons, \$3671.48.

1912-1913, 1913-1914, Bisbee High School, total for two seasons, \$6000.00.

Doings In the Superior Court

In the superior court today, two Douglas girls, incorrigibles, were committed to the industrial school by Judge A. C. Lockwood, after a hearing. J. W. Light vs. D. W. McKnight et al; motion denied to bring new parties into the case.

In the estate of J. Jones, petition was filed for letters of administration by Bristow Jones.

Judge Lockwood is handling the business of the court with dispatch and making excellent inroads on the calendar. The trial jury will probably be summoned next month, when criminal cases will take precedence.

In court today Mrs. C. F. Tegmeyer of Douglas was committed to the asylum. The unfortunate lady is suffering from hallucinations and was deemed advisable to place her in the state institution for treatment.

George Washington King, the colored soldier who has been held here on trouble had with fellow soldiers, was released under a suspended sentence pending good behavior.

In the Superior court today the following matters were up for consideration before Judge Lockwood and passed upon as follows:

Estate of G. F. Floyd; J. W. Walker was appointed administrator, with bond fixed at \$1000.

P. W. Eldridge as guardian, vs. M. N. Eldridge; demurrer of defendant sustained.

Peter Gordon vs. H. P. Merrill; motion to amend judgment granted.

Estate Robert M. Craig; decree of final account and distribution granted.

An antelope doe and her kid were struck and killed on the road between Prescott and Seligman by an automobile driven by John Dial, with Frank Dickerson as a passenger. According to Dickerson and Dial the animal ran down the road ahead of them for a mile or so and refused to get off. They yelled and tooted the horns but the antelope held the roadway, finally being struck and thrown to one side. They were injured so badly that it was necessary to put them out of their misery.

From Thursday's Daily

Carl Clausen, a well known Cochise pioneer, is in the city from Bisbee today. Mr. Clausen was in Tombstone in 1883 and has many friends in this section.

C. C. Covington, representing the Graham Paper Company with headquarters at El Paso, was in the city today in the interest of his firm.

Mrs. Robt. Reed was an incoming today from Fairbank on a brief visit with friends.

Butch Hartman returned to Pearce today after a two days visit with friends in the city of Tombstone.

Attorney J. S. Williams is over from Bisbee today in his auto.

James Marrs is in the Huachuclas on a hunting trip and expects to be absent several weeks. His family and a number of friends will join him on a camping trip later.

Miss Margaret Ufin returned to her home at San Francisco today. Mrs. Ufin, sister of the late Joe Hagau will remain for some time to look after matters pertaining to the estate of her brother.

City Clerk Lee O. Wolery returned today from an extended visit with his parents at Land.

The Tombstone Schools will open again on September 8th, and but three more weeks of vacation await the Tombstone school children.

Smugglers Arrested By U.S. Troops

Two Yaqui Indians were arrested by United States troops of the Ninth regiment at San Bernardino today for smuggling a large quantity of meat into the United States. An officer of the Ninth sent word in that he was holding the prisoners and a custom official has gone to bring them to Douglas.

Egyptian Cotton Proves Great Success

The experimental cotton crop of the Tucson Farms company bids fair to average a bale and a half an acre. Its growth compares favorably with that in the Salt river valley, according to John Metz, who went to the valley with G. J. and Paul F. Magenheim last week.

The cotton, of which there are 10 acres, is now in blossom. The balls have begun to form. This is the Egyptian cotton. It sells for from 25 to 31 cents per pound. A bale weighs 500 pounds, so that the company may count on a gross return of \$200 or \$225 per acre.

Only two irrigations are required. It is a well demonstrated fact that the Egyptian cotton grows better in Arizona than in Egypt. The soil and climatic conditions near Tucson are every bit as fine as in Egypt.

Shooting Affray Near Globe

A shooting affray at the Midway roadhouse between Globe and Miami a short time ago cost John Clark, a chauffeur, \$10.00 yesterday. Clark appeared in Judge Thomas' court and entered a plea of guilty to a charge of disturbing the peace, paid his fine and was released.

Clark was at the Midway a short time ago at night. What he partook of while at the resort is not recorded but it apparently made him exuberant in the extreme. For as he was driving away from the place he drew a revolver and fired a number of shots.

Deputy Sheriff Killed at Apache

A dispute over a pole used as a brace to a sagging telephone wire, worth probably 50 cents, is the probable cause of the killing of Deputy Sheriff F. J. Miller by Postmaster J. W. Riehart at Apache yesterday. At least this is all that has developed thus far in what promises to be one of the most sensational murder cases ever tried in the courts of Cochise county. There are rumors galore, however, as to matter back of this trivial pole dispute, but it is impossible to confirm any of them.

From Friday's Daily

Among those registered at the Arcadia today are B. W. Lewis, Pearce; J. B. Champlain, New York; R. K. Mason, St. Louis; and Peter Girou, Prescott.

F. F. Bryant of Benson, C. O. Anderson of Wilcox, J. H. Huntington of Tucson, and H. H. Cantril of Atlanta, are registered at the Arlington today.

J. W. Waker, former Tombstone resident but now located at Tucson, is in the city today.

Mrs. C. T. Gandy, of Wilcox, is in the city on a visit with her aunt, Mrs. James Sanders and family.

Mr. and Mrs. William Wallace, and child, arrived in Tombstone today from Chihuahua on a visit with Mrs. Wallace's parents, Mr. and Mrs. F. N. Wolcott. While conditions are not alarming at the Proprietary mine, where Mr. Wallace is superintendent, he deemed it best to bring his family to Tombstone for a visit, until conditions should get better. On their journey, most of the distance had to be covered by auto, the railroads being out of commission. They will remain in Tombstone indefinitely as the guests of Mr. and Mrs. Wolcott.

Attorney W. B. Cleary, of Bisbee, is in the city today on matters before the superior court.

Deputy Sheriff A. W. Howe returned this morning from Phoenix, where he has been for the past few days on official business.

This morning an exciting runaway was witnessed on Allen Street, when two horses, hitched to a wagon and belonging to a rancher in the Huachuclas, were frightened and started off down the street at full speed. The horses continued their pace until they reached a point in front of the Davey residence, where they collided with a tree, which broke them loose from their harness and badly damaged the wagon. No one was in the vehicle at the time and the horses have not yet been captured.

Mrs. Ida Carthy, postmistress at Fort Huachucla is a visitor in the city today, the guest of Mrs. John Rock.

Supervisors John Rock and Wm. Riggs motored over to the Rock ranch in the Huachuclas, yesterday. On his return Mr. Rock brought back with him a box of peaches which were grown on his ranch. The peaches are large, juicy and have a delicious flavor. Mr. Rock has a fine orchard on his place and the big peaches brought in yesterday are but a sample of what grows in his orchard.

If you can't sleep for nervousness take a Dr. Miles' Anti-Pain Pill and be comfortable. (Advertisement.)
